As you may already know, ASUS is one of the most popular brands of laptops and today we bring you an exciting new product from this brand. It is Asus Strix ROG G751JW and our review will show you some of its features. The unit comes with the latest 7th generation Intel Kaby Lake processors with the clock speed of up to 3.5 GHz and the RAM clock of up to 2133 MHz. The graphics are based on NVIDIA GTX 1050 Ti GPU with 4 GB of dedicated GDDR5 memory. The base has a full HD IPS panel with 1920x1080 pixels that provide good gaming experiences. It also includes Windows 10 Home Edition and a good battery life of up to 8 hours. On the other hand, the unit has a decent keyboard and touchpad. It has the audio connections like the audio jack and an SD card reader. Overall, the Asus Strix ROG G751JW is a good gaming unit with a good performance and good battery life. It is not expensive and very easy to handle.
