After 30 mins, you will have a downloadable wordpress product theme that you will have to transfer to your cpanel (Wordpress theme file) and import it to your site. We're doing something new with the way we train and support this plan too. The new teacher support program includes ongoing monthly phone and online check-ins to ensure you're on track. We'll get to know you, and we'll coach you through your whole journey. You get to keep the theme when your demo expires. Please do not remove the plans from your link. We do not recommend the single link method. Create your text and custom divs in the same way as SitePoint CSS. The plugin also

provides a range of options that allow you to customise the look and feel of your site. Using visually-simple drop down menus, you can easily change and create, edit and delete your pages, posts and media. The Word doc you get will have a built in link to the wordpress software. Click the link, download and import the zip file to your wordpress installation. Install the software, you will then see a message that the Word doc you downloaded has been imported, then click OK and any other messages you get are optional. You can purchase your plan and download the Word doc that will contain the link to your plan in the wp-basic. It also includes the login details for your plan. No more losing that login information or login details. You can change the plan by updating the plan that you have

downloaded from your account
